

NEW!

Self-regulation Classroom Cruiser
with Large Desktop

NEW Self-regulation Classroom Cruiser with Large Desktop (SCC101 / SCC201)

The Self-regulation Classroom Cruiser is designed to provide opportunities for students, grades PreK-6, to self-regulate through movement without having to leave or disrupt the class.

It is ideal for inclusive environments and helps kinesthetic learners and any student who needs to get the wiggles out so they can refocus and engage in learning.

In just a ten-minute ride, students can become more engaged and ready to learn. Now with a larger desktop that is better suited to a wider range of activities.

Features

- Fully adjustable seat and handlebars accommodate students grades PreK-6
- Quiet drivetrain to minimize distraction
- Enclosed fly wheel for safety
- Larger work surface for reading or writing (24"W x 18"D)
- Adjustable magnetic resistance to set difficulty level
- Built-in display to track distance, speed, time, RPM and calories burned (batteries included)
- Low maintenance
- Includes casters and is light enough to easily move around the classroom
- Levelers ensure that the bike sits evenly on the floor
