Library on Wheels™

These carts make the perfect in-class storage solution, where students can help themselves to a book. They are also useful in Makerspaces for organizing or color coding materials and storing tools. The frame is designed with strong 1" tubing and includes large 5" casters that move easily over almost any surface and stand up to the rigors of being maneuvered throughout a school. This cart can hold up to 90lbs!

Library on Wheels™ (LW430)

- Sturdy frame designed to be moved throughout a school
- 9 Large Divided Tubs made with 25% recycled plastic
- Adhesive name pockets to help keep everything in order
- 5" casters (2 locking) to easily move over carpet and other floor surfaces

Library on Wheels™ with 18 Small Open Tubs (LW430-18)

- Same as the LW430, except Open Tubs are replaced with 18 Small Open Tubs

NEW! Library on Wheels™ 9 Large Open Tubs with Lids (LW430-L)

- Same as the LW430 and includes nine see-through hinged lids
