

NEW!

Make-Believe Stove

Constructed from **SOLID** Bamboo

NEW Make-Believe Stove (BMB2)

LIFETIME
WARRANTY

This bamboo Make-Believe Stove features rotating dials and burners, along with a magnetic whiteboard and a pegboard panel on the sides to add emergent literacy and imaginative play opportunities.

Is it a stove, a DJ booth, or an air traffic control center?

Let little imaginations decide! A clear acrylic panel on the door allows for items inside to be easily viewed. The stove can be purchased as a standalone item, or as part of our Make-Believe Kitchen Set.

Features

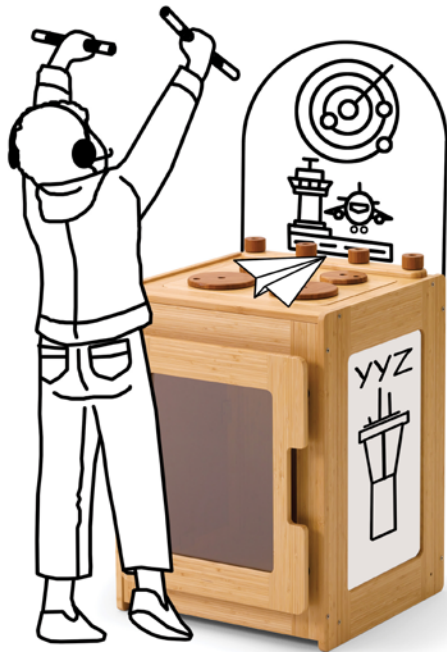

- Bamboo construction ideal for early childhood environments
- Magnetic whiteboard on one side, pegboard on the other side to add emergent literacy and imaginative play opportunities (pegboard hooks not included)
- Rotating bamboo dials and burners for even more fun!
- Clear door
- Rounded corners with safety edges
- No-pinch hinges

Dimensions

27 ½" H x 19 ½" W x 19 ½" D

Warranty

Lifetime

Our finish is a nitrocellulose lacquer. Lacquers are a popular finish type for furniture, and the preferred choice of professional furniture makers. Lacquers provide a clear, durable, and water-resistant finish that protects the base material while also enhancing its appearance.

Bamboo has a higher tensile strength than metal. This means that if you pull on a piece of bamboo and a piece of metal, it will take more force to break the bamboo.

For every bamboo product purchased, Copernicus will make a donation to conserve natural panda habitat through the World Wildlife Fund.

Check out our free Educator Resources about bamboo on our website.
