Have your packing slip ready for reference.

This SCC-AC102/202 box contains the parts to assemble the backrest and desktop only. Follow steps in the SCC102/SCC202 assembly guide FIRST before following the steps in this assembly guide.

Customer Service & Warranty Information

Dear Educator,

Thank you for purchasing the Self-regulation Classroom Cruiser with Large Desktop Surface. We hope it meets your expectations and you and your students enjoy using it at your school. Every day we see and hear stories of teachers going above and beyond to help students thrive. Thank you so much for all you do – you are awesome, and you make a difference. Thank you for inspiring us.

If you have any questions, concerns or ideas on how we can improve please let us know by contacting our Customer Service team at 1-800-267-8494 or info@copernicused.com.

Happy teaching,

Kaylyn Belcourt, President

Tips for Assembly

Before You Begin:

- Lay out and identify all of the included parts.
- The hardware has been packed according to step.
- Read the assembly guide over once to familiarize yourself with them.

As You Assemble the Unit:

- Follow the steps in sequence.
- Before beginning each step, find the part(s) that you need for that step.
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

Watch for this helpful symbol:

The symbol denotes a step needing extra attention to ensure it is done correctly.

Important Information! Warning!

Please read the warnings below for important safety information regarding your product. Failure to read these warnings or to follow the instructions below could result in personal injury or damage to your product that could void your warranty.

Small Parts

In its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

Adult Supervision

This product is to be used under the supervision of an adult.

Finished!

How to Adjust Handle Bar Post

To adjust the handle bar height, first turn the handle bar post knob counter-clockwise approximately 3 turns to loosen it.

Next, pull the knob, slide the handle bar post upward or downward to the desired position, and then release the knob.

Move the handle bar post up or down slightly until you feel a pop, to make sure that the knob is engaged in one of the adjustment holes in the seat post. Then, turn the knob clockwise to tighten it firmly.

How to Adjust Seat Post and Saddle Position

To adjust the seat, first turn the seat post knob counterclockwise approximately 3 turns to loosen it.

Next, pull the knob, slide the seat post upward or downward to the desired position, and then release the knob.

Move the seat post up or down slightly until you feel a pop, to make sure that the knob is engaged in one of the adjustment holes in the seat post. Then, turn the knob clockwise to tighten it firmly.

How to Adjust Fore-Aft Seat Position

To adjust seat forward or backwards, loosen adjustment knob. Tighten when in desired position.
