

# New iRover<sup>2</sup> Flat Panel Cart

Copernicus  
educational products

For huddle spaces,  
digital signage  
and more!

Supports  
30-55" flat panels!

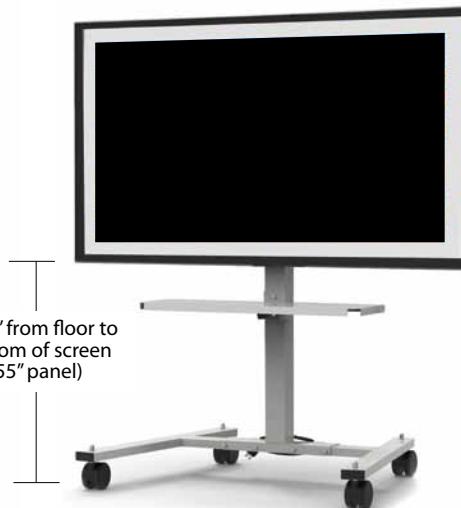

# NEW! iRover<sup>2</sup>® Cart for 30-55" Flat Panels

Move your small flat panel anywhere needed in your flexible workspace or school.

Smaller flat panels are ideal for team huddles, breakout sessions and with the addition of a webcam, video conferencing can take place just about anywhere. This cart is also handy to help display wayfinding maps or as digital signage to aid employees and visitors as they navigate your facility.

Flat panel can be set to portrait (with tools)

24 1/2" from floor to  
bottom of screen  
(55" panel)

Shown in lowest position

36 1/2" from floor to  
bottom of screen  
(55" panel)
